WELCOME TO OLYMPIA'S BISTRO. NAMED AFTER WHERE THE
INFAMOUS STATUE OF ZEUS SITS
*WITH SERVICE AS FAST AS LIGHTNING, BUT WITH QUALITY AS
HIGH AS THE STATUE ITSELF*

Drinks:

Lightning Lemonade: This drink will be the exact thing to help you get up and ready for your day. It will give you the shock of a lifetime with the tangy, sour, and sweet flavor. Unlike regular ol' lightning, this drink will make you feel more alive than ever. \$2.99

Ivory Iced Tea: this tea is almost too pretty to drink! The statue had ivory and gold plates, was also said to be wearing a robe made of glass with animals and lilies on it. Just like how the statue was luxurious, this drink will leave you feeling high-class.

Appetizers:

Pausanias Pita Bread and Hummus: this delicious combination of bread and hummus will help you get through your day, no matter how hard it is. This bread will help you, just like how Pausanias helped give us an idea of what the statue looked like. He once said that the statue was constantly covered with olive oil to keep the ivory fresh and new. this bread will help you through whatever problem you're going through. This delicious, fresh blend of spices and flavor will make you beg for more.

Entrees:

Constantinople Chicken Pot Pie: This handcrafted pot pie will make you savor every single bite. Unlike when the statue was brought to Constantinople to get burnt down at the Palace of Lausus, this yummy dish will make your mouth water. Be careful though, at times it can be too hot, we wouldn't want to set your mouth on fire or burn it!

Nike Noodles: This wonderful combination of veggies, meats, and noodles will be making you feel victorious. Just like the little statue of Nike (Goddess of victory and good luck) that sits in the palm of the statue of Zeus, these are supposed to leave you with good luck.

Dessert:
